This property is located in the heart of a small village which has now been urbanised. This means that the property can be fully developed and restored into a family home. Currently the property is a large garage and a two-storey Bodega/storeroom. The side of the property is a garden area which is approximately 70 m<sup>2</sup>. Property benefits from a nice location with tarmac access and has the facilities of mains water, electric and mains sewage available on its doorstep. In addition, it has open views to the small villages green area and then open fields with orchards and vineyards. It has great investment possibility especially at the current price!...(Ask for More Details!)
